Dear WUJC Listeners,

Welcome to WUJC's new summer program guide. While perusing our program listings, you will find a variety of public affairs programs in addition to diverse music shows. College radio is a major support for new bands in categories such as modern music. Listen to John Carroll University's radio station and discover new music.

Sincerely,
Kris Koch
Station Manager

With the help of the administration of John Carroll University and funds raised from past radiothons, WUJC was able to purchase a new transmitter in the spring of 1988.
